

Thank you for trusting our practice to provide your child's anesthesia needs before, during, and after their planned procedure. Please read the information below carefully. These instructions are for your child's well-being and allow us to take the best care of them during their procedure.

Should you have any questions or concerns, **call us anytime at 640-243-4717.**

Steps to Prepare for your Day of Surgery:

- 1) You will receive two emails. One email will have a link to fill out our patient forms and a link to our financial agreement form (*a summary is below*). The second email contains a medical clearance form to be completed by your child's doctor. Filling out the forms will help the dentist anesthesiologist develop an anesthetic plan tailored to your child. **Complete these forms as soon as possible.**
- 2) Complete the phone consultation.
Prior to your procedure, we will call you to review your child's medical history and discuss the anesthetic plan. We will review pre-operative instructions and address all your questions and concerns.
- 3) Schedule your preanesthetic evaluation with your physician.
It should be scheduled between two weeks and two days prior to the procedure (one month for adults). **It is your responsibility to ensure that we have received the medical clearance from the doctor.**
- 4) Expect a phone call from your anesthesiologist the evening before your procedure.
Again, you may reach your anesthesiologist anytime at 640-243-4717.
